Where international, state, and/or county boundaries coincide, the map shows  
the boundary symbol for only the highest-ranking of these boundaries.

<sup>1</sup> A " " following a place name indicates that the place is also a false MCD;  
the false MCD name is not shown.

<sup>2</sup> In 1990, the crew-of-vessel population of ships at sea was allocated to  
census tracts with a "00" suffix. An anchor symbol appeared on the 1990  
maps locating a crew-of-vessel tract. These maps show a very small area  
symbolized as a census tract with the census tract number shown near the  
area.

<sup>3</sup> A " " following a block number indicates that the block number is repeated  
elsewhere in the block.
